State Party Material in General: There was discussion of sending out an announcement asking people to send us material they no longer want to store. Caryn Ann explained that we don't have room for more material in the storage room, and she is already storing some material in her house. She noted that we decided early on that we would invite people to send material relevant to the national party, but that while we would not refuse material relating to state parties we would encourage people to deal with state party material at the state level.

Convention Memorial Committee: Lisa reported that there is now a video, less than five minutes long. She said she might not be able to make it to the convention.

LP News: Andrew said the capture he had done just consisted of a set of HTML files and he was not sure how best to present the material on LPedia. Ed suggested converting them to PDFs.

The next meeting is scheduled for 20 February.

The meeting was adjourned at 6:16pm Mountain time.
