## Libertarian Party Region Formation Agreement

The state affiliates of the Libertarian Party listed below hereby form a representative region for the purpose of electing the number of members and alternates of the Libertarian National Committee that are allocated by the Libertarian Party bylaws to the region based on the number of national party sustaining members associated with the region.

A regional caucus shall be held at each regular national convention. Each registered National Convention delegate of states party to this agreement who are present at the caucus shall have one vote. If there is more than one nominee for any office, voting shall be by ballot.

This agreement shall become effective upon filing with the Secretary of the national Libertarian Party a signed agreement among states with enough national party sustaining members to form a representative region. After this agreement has come into effect and before nominations have been opened at the regional caucus, a state affiliate may join or withdraw from this agreement with the written consent of a majority of the other state affiliates party to this agreement if the bylaws of the national Libertarian party so permit. Once nominations have opened, a state affiliate may join or withdraw from this agreement with the written consent of all other state affiliates party to this agreement if the bylaws of the national Libertarian party so permit.

The term of office for a regional representative or alternate shall commence at the close of the convention at which a representative region may be formed and shall end at the close of the next convention at which a representative region may be formed. Once the elections have been completed, a person elected as a regional representative member or alternate of the LNC may be removed from office by:

- 1) a vote of the region's registered national convention delegates at a regional caucus, or
- 2) the signature of state chairs who are (a) a majority of the state chairs in the region or (b) chairs of state which had a majority of the national party sustaining members in the region as determined for the formation of this region.

A vacancy may be filled by:

- 1) a vote of the region's registered national convention delegates at a regional caucus, or
- 2) a majority of the state chairs in the region without regard to the number of sustaining members in each state.

The representatives of state affiliates signing below each attest that they are authorized by their state party bylaws to enter into this agreement and contractually bind their state party.

The following state affiliates of the Libertarian Party agree, in accordance with the terms above, to enter into a representative region.
