
Historical Preservation Committee Report

Report Date: 16 January 2020 (for EC meeting of 18 January 2020)

Appointed by: LPC Chair

Chair: Joe Dehn

Other Members: Gail Lightfoot, Jon Prosser, Kevin Shaw

Executive Overview

Information about HPC projects is recorded and made available to all LPC members and the general public via our page on LPedia:

https://lpedia.org/Libertarian_Party_of_California_Historical_Preservation_Committee

In addition, committee members communicate via e-mail. We have not had any in-person or phone meetings since our last report.

This committee still has one vacancy.

Miscellaneous Updates

No major projects have been completed since our last report. However a number of miscellaneous updates have been made to LPedia pages relating to California, such as updates to county pages and an updated graph of registration statistics.

State Convention

We plan to have a display at the upcoming state convention, similar to what we did last year. This serves three main purposes: (1) to help attendees understand what our committee is doing, (2) to solicit assistance with our efforts (volunteers and people who may have historical materials in their possession), and (3) to actually provide historical information about the LPC directly to delegates and other attendees.
