## PARTY HISTORICAL PRESERVATION COMMITTEE

MEETING SUMMARY March 20, 2019

**Date and Time:** Wednesday, 20 March 2019 at 5:30pm Mountain time

**Where:** Online: Zoom

**Committee Attendees:** Joe Dehn, Ed Fochler, James Gholston

**Other Attendees:** none

The meeting was called to order at 5:46pm Mountain time.

**Records of Past Meetings:** The minutes of the 6 March meeting were approved.

**Site Statistics:** Ed reported that nothing exciting is happening with the statistics. He mentioned that there is a report that shows what state users are coming from, that Colorado, New York, and California are most commonly in the top three, but this time Virginia was one of the top three. He said he is considering adding some basic logging to the home page to be able to get some statistics independent of Google.

**LPedia URLs:** It was noted that this change has not happened yet.

**California:** Joe reported that the LPC HPC is proceeding with their plan to have a table at the state convention, being held the first weekend in April.

**Texas:** There was a brief discussion of whether it might be possible to get something like an HPC established for Texas.

**Illinois:** Joe said we need to find out at least the name of the university to which they are donating their material.

**Yahoo Groups:** Joe reported that he had been able to find software that could open the old-format spreadsheet file Andrew had encountered in one of the NY groups.

**Scanning:** Ed reported that he has ordered a CZUR scanner to try it out; it is portable so if it turns out to be useful it could be brought to events.

**National Convention:** There was discussion of having a table at the 2020 convention, including where it might be located given the table allocation policy recently announced. This is something that Caryn Ann probably needs to find out. James suggested that we may need a new banner.

**Future Meetings:** The next meeting is scheduled for 3 April 2019.

The meeting was adjourned at 6:16pm Mountain time.
