Records of Past Meetings: The minutes of the 21 March meeting were approved without objection.

Site Statistics: Ed said that the level of traffic has been pretty flat. He now has access again to the local settings file and updated the tag needed to make Google Analytics work going forward.

Records Archive Update: Caryn Ann reported that some work was done to extend the shelving in the storage room to better accommodate some of the items to which we don't need easy access. She has now looked at the disk of recent scans of large-format items and was able to copy some items from it.

California: Joe reported that the repopulated LPC HPC will be having an organizational meeting soon.
