PARTY HISTORICAL PRESERVATION COMMITTEE

MEETING SUMMARY January 16, 2024

- Date and Time:** Tuesday, 16 January 2024 at 5:30pm Mountain time
- Where:** Online: Zoom
- Committee Attendees:** Caryn Ann Harlos, Joe Dehn, Ed Fochler, James Gholston, Andrew Kolstee, Sam Bohler
- Other Attendees:** none

The meeting was called to order at 5:35pm Mountain time.

Records of Past Meetings: The minutes of the 2 January meeting were approved without objection.

Site Technical: An outage was observed and reported to MyWikis, who fixed it fairly quickly.

Miscellaneous LPedia: Brianna Coyle tried to change her page again so Caryn Ann protected it. Other committee members mentioned that Brianna reached out to them about this. Andrew said he had gone through the material on her page; he will follow up with her about making appropriate changes.

Storage Unit: Caryn Ann plans to do some work there soon, but the volunteer who had been helping her has been sick so isn't able to help.

Buttons: Caryn Ann said she has been collecting images of old buttons from eBay to add to LPedia.

LP News: Andrew reported that he had been able to capture the new format "online LP News". There was discussion of the need to do this regularly. Given that items are apparently going to be added continuously, capturing it at fixed intervals (e.g., the end of each month) may not be the best approach; treating it more like a collection of separate articles or a blog may make more sense. It was suggested that the easiest approach might be to submit the site to the Internet Archive let them make the copies.

Alaska: Andrew reported that someone from his county met Dick Randolph, who had been a Libertarian elected legislator in Alaska, on a cruise. Andrew plans to reach out to him, but in seeking background information found that we don't have much about the Alaska LP in LPedia. It was suggested that there might be some relevant material that has been scanned but not yet uploaded.

The next meeting is scheduled for 6 February.

The meeting was adjourned at 6:19pm Mountain time.
