Database Manager Report for March, 2022

See following time report.

The board needs to decide whether to continue using Google G-Suite at a cost of, I think, \$6 per user per month, or to find a replacement. The National LP may be offering a similar service in the near future. Google will start charging for this on June 1st.

Our **February** Amazon bill for CRM email services was **\$3.17** for just over **30,000** emails. This cost is recorded as an In-Kind donation by the Database Manager.

We have a \$200 credit with MailChimp for email services in lieu of maintaining our account for \$10 per month.

Respectfully Submitted,

David Aitken
