

Zoning laws have racism in their roots. They are still a source of **racial and class discrimination**

Zoning laws have racism in their roots. They are still a source of **racial and class discrimination**

In many cases, zoning laws transfer wealth from the family table, to out of state mortgage brokers. **Zoning laws are a drain on the local economy!**

In many cases, zoning laws transfer wealth from the family table, to out of state mortgage brokers. **Zoning laws are a drain on the local economy!**

Zoning laws contribute to poverty and homelessness. They **cost the average worker about \$7000 in annual income potential!**

Zoning laws contribute to poverty and homelessness. They **cost the average worker about \$7000 in annual income potential!**

Zoning laws drive up property taxes, which may force older people on fixed incomes to move, or **into foreclosure.**

Zoning laws drive up property taxes, which may force older people on fixed incomes to move, or **into foreclosure.**

Zoning laws contribute to environmental damage. Single use areas **force longer commutes**, and that means an increased level of auto emissions.

Zoning laws contribute to environmental damage. Single use areas **force longer commutes**, and that means an increased level of auto emissions.

Areas with mixed use, rather than single use zoning laws, see a **lower crime rate.**
