Historical,

Today is the 248th birthday of the United States Marine Corps. In the spirit of this occasion, we are reminded of the urgent need to elect libertarians who will bring our troops home, ensure access to vital PTSD medication like psilocybin, and put an end to unnecessary and costly wars.

Help us get Libertarians elected

Our veterans deserve a future free from needless conflict and a healthcare system that addresses their unique challenges, including post-traumatic stress disorder (PTSD). Libertarians are committed to these principles:

Bringing Our Troops Home: It's time to end the endless cycle of interventionist policies that put our military personnel in harm's way. Electing libertarians means prioritizing diplomacy over war, bringing our troops back home to their families, and focusing on a strong defense rather than unnecessary offense.

Access to PTSD Medication: Veterans suffering from PTSD deserve effective and compassionate care. Psilocybin, a promising medication, has shown remarkable potential in treating PTSD and other mental health disorders. Libertarians advocate for the decriminalization and responsible use of psychedelic therapies, ensuring our veterans have access to the treatment options they need to heal.

Stopping Unnecessary Wars: With Republican and Democrat politicians advocating for war with Russia, China, and getting involved in the

Israel/Palestine conflict, we need Libertarians advocating for non-intervention and peace. By electing libertarians, we can work towards a world where diplomacy, cooperation, and peacebuilding take precedence over military aggression.

To make a difference, consider supporting libertarian candidates who champion these principles. Your contribution, whether it's time, resources, or your vote, can help shape a future where our nation prioritizes peace over needless conflict.

Help us Make Peace, not War

Thank you for standing with us in this crucial endeavor. Together, we can create a world where our troops come home, receive the support they need, and enjoy peace.
