LPNH Judicial Committee,

On June 08 2021 the LPNH EC voted 5-1-0 to expel Jackie Perry from the state party for reasons related to “doxxing” (publicly providing information about another party member for the stated purposes of harming their vocation/employment, personally life, and/or emotional well-being).

We felt this behavior was a violation of the NAP and flagrant enough to merit expulsion from the LPNH.

Our organization’s bylaws are silent on the matter of party expulsions, only saying that the EC has the ability to act in the best interest of the party and the right to appeal any EC decision is permitted to go to the Judicial committee.

Although no appeal has been filed, would you please, proactively, confirm/affirm the decision to expel had merit; if you find otherwise please provide guidance to the EC members (cced here), and advise if a retraction of the decision or any other revision should be made for the public record.

Cordially and respectfully yours,
Sean Dempsey, At Large LPNH
