Hi Caryn Ann,

We're sending this email only to active members of the LP to tell you that the Libertarian National Committee (LNC) is seeking applicants to serve on the Bylaws and Rules Committee for the May 21-25, 2020 national convention in Austin, Texas. The LNC expects to make the appointments in an electronic meeting near the end of October.

The LNC appoints all 10 of the Bylaws and Rules Committee members. The committee proposes changes to the party's bylaws/rules and the convention delegates vote on whether to approve those proposals.

This committee typically has in-person meetings at least once, several months in advance of the national convention, and then a final meeting on the day before the national convention begins. In the interim, there is likely to be a large volume of email discussions and several electronic meetings.

Committee members will be expected to invest an appreciable amount of their time into doing their jobs including a high tolerance for heavy email traffic. Any travel costs incurred will be at personal expense.

If you are interested in serving in one of these LNC-appointed seats, apply by completing the form at

<https://www.lp.org/bylaws-and-rules-committee-application/>

no later than October 15th 2019.

*Please note that these applications (excluding street address and phone number) will be publicly viewable. Please do not include any information that would be considered private.

If you have any questions at all, please do not hesitate to email the Secretary of the Party at secretary@lp.org or call at 561.523.2250

In Liberty,

Caryn Ann Harlos
