Dear Murray:

At the risk of overstepping my authority (not having polled the membership), I want to thank you on behalf of all veterans of the Convention for your stirring address Friday night. You obviously "saved the day" but aside from that, your subject matter is of such importance to the movement that I'm sure your address will have a profound effect on libertarians across the country. We will be in touch with you soon regarding business arrangements relevant to the distribution of your tape.

We appreciate your participation in and commitment to the entire Convention; your support and involvement reaffirm that we're on the right track.

Looking forward to seeing you soon.

Yours in liberty,

Andre Millen
