Caryn Ann,

There's no easy way to say this, so I will just tell you directly: it's no secret that Joe Biden's and Mitch McConnell's health are failing. They're getting on in age, so it's to be expected. But it's having a terrible effect on our country.

That's why we have no other choice. **We plan to file for conservatorship over Joe Biden and Mitch McConnell.**

How else do you explain their decisions to –

- Rapidly increase inflation
- Fund the ongoing war in Ukraine
- Work with Big Tech to censor anyone who disagrees with them
- Weaponize the IRS against American citizens

They're obviously not well and their control of the United States' finances need to be taken away for their own (and our own) good.

The only other option is to elect more Libertarian candidates who can stand against their nonsensical policies.

[My goal is to raise \\$24,000 online before the end of the month to prepare our war chest for the 2024 elections. Will you donate \\$10, \\$2024, or even \\$100 to support our efforts?](#)

We need to elect representatives who will stand firmly by the principles that this country was founded upon. Your support helps the Libertarian Party gain ballot access and support candidates in winnable elections in all 50 states.

People need another option other than the same government that has repeatedly shown they don't know what's best for American citizens.

If we let this cycle repeat, we're as senile as Biden and McConnell.

But you can help us disrupt the cycle by clicking below and showing your generous support today.
