Dear Delegate:

We are writing you to ask you to support Roger MacBride's candidacy for the Libertarian Party nomination for President of the United States. The excitement already being generated over the upcoming Convention will reach a climax on Saturday morning, August 30, when the LP's Presidential ticket is selected. It will be an important decision for the LP and for each delegate. Fortunately, in our opinion and that of our fellow Committee members and many other libertarians from all parts of the country, we will have an opportunity on August 30 to nominate an individual of great ability, exceptional accomplishments and impeccable libertarian credentials.

Roger MacBride is a successful lawyer, author, real estate developer and television producer. He is the former Republican Elector who refused to vote for Nixon and Agnew and instead dramatically brought to the nation's attention the ideas of John Hospers, Tonie Nathan and the Libertarian Party. He is as "pure" and as articulate a libertarian as it has ever been our pleasure to know. He is a man who has a remarkable grasp of the philosophy we share and yet is able to express it in a manner that enables the average person--from the left or right--to readily understand and accept what we are saying.

At the same time Roger possesses an ability to persuade those individuals in the professions and business who are able to help finance a serious Libertarian Party Presidential Campaign that it is in their best interest to do so. He will be, "The Candidate They Can't Ignore." There will not be a candidate for President of any political party in 1976 that the media will regard more seriously or with more respect than Roger. His intelligence, persistence, stature and calmly reasoned arguments will have people all across the United States talking about libertarian ideas and the new party candidate--the Libertarian Party candidate--Roger MacBride.
