

**2024 LIBERTARIAN NATIONAL CONVENTION
WASHINGTON, DC**

REGION FORMATION MANUAL

PREPARED BY *Caryn Ann Harlos*
LNC SECRETARY

NOTICE

The Notification of Delegate Allocations was sent separately from the Region Formation Manual rather than being combined with this document in order to avoid some confusion that had arisen in the past. Additionally, a Delegation Chair Manual and a Delegate Manual will be sent as the convention approaches. I am willing to customize these manuals to fit the needs of any particular affiliate's rules; please contact me to discuss same. These manuals will be passed down to successive national secretaries to be built upon and improved as part of our institutional knowledge.

No part of this document is to be considered personal work product and may be used freely provided that the allocation numbers are not changed.

This is the second version of this manual. Notifications of any errors or discrepancies will be gratefully received.

Honoured to be serving as your national Secretary from 2018-2024.

IMPORTANT NOTE: This Manual is intended to be read in conjunction with the Delegation Allocation Manual and Regional Formation Manual and will only refer to, not repeat, detailed information given in them. Also, while every attempt was made to accurately and completely represent the Party Bylaws, the Bylaws speak for themselves, and in the event of a conflict or error herein, the Bylaws prevail.

NATIONAL PARTY GOVERNANCE

The Libertarian National Committee (LNC) is composed of four (4) officers, five (5) at-large representatives, and up to ten (10) regional representatives and alternates all elected for two-year terms from national convention to national convention. This manual is focused on the formation of affiliate regions and the election of their respective representatives and alternates.

PERTINENT NATIONAL BYLAWS

ARTICLE 7: NATIONAL COMMITTEE

2. *The National Committee shall be composed of the following members:*
 - a. *the officers of the Party;*
 - b. *five members elected at large by the delegates at a Regular Convention; and*
 - c. *any additional members as specified below:*

Any affiliate party with 10% or more of the total national party sustaining membership within affiliate parties (as determined for delegate allocation) shall be entitled to one National Committee representative and one alternate for each 10% of national sustaining membership. Affiliate parties may, by mutual consent, band together to form "representative regions," and each such "region" with an aggregate national party sustaining membership of 10% or more shall be entitled to one National Committee representative and one alternate for each 10% of national party sustaining membership. "Representative regions" may be formed or dissolved once every two years during a period beginning 90 days before the beginning of and ending on the second day of the National Convention, and notice of new formations or dissolutions must be given in writing to the national Secretary prior to the close of the Convention at which they take place.

3. *The National Committee shall take office immediately upon the close of the Regular Convention at which they are selected, and serve until the final adjournment of the next Regular Convention.*
4. *A National Committee member shall be a sustaining member of the Party, and shall not be the candidate of any party except the Party or an affiliate.*

6. *A National Committee member who fails to attend two consecutive regular sessions of the National Committee shall be deemed to have vacated his or her seat. The appointing body shall be free to reappoint the member who vacated the seat.*

8. *A National Committee Regional Representative or Alternate may be removed and replaced only by the act of the affiliate parties that constitute the subject region. The voting procedure for the removal and replacement of regional representatives or alternates shall be determined by the regions. In the absence of any such procedures, a majority vote of the state chairs comprising the region shall prevail.*

IMPORTANT DATES TO NOTE

The first business day of the convention is May 24, 2024; thus, the time period for region formation and dissolution has already begun though most states do not consider until after their annual conventions which are now wrapping up, and the final date is the close of business of the convention which is scheduled for May 26, 2024.

NOTE: REGIONS CAN AND DO CHANGE AND DO NOT HAVE TO BE BASED ON GEOGRAPHY.

PERTINENT NATIONAL CONVENTION RULES

RULE 8: ELECTION OF OFFICERS AND NATIONAL COMMITTEE

4. *In the event a region has not otherwise provided for the election of its National Committee representation then the delegates from the region shall elect its regional representative and alternate, provided there are at least five delegates present. Each Region's delegates may elect their representative and alternate in whatever manner they choose, provided all delegates present from that region are given equal voice in the selection.*

NOTE ON REGIONAL ELECTIONS

Most regions choose to elect their representatives at a special regional caucus meeting during the national convention which must take place and regions formed by the end of the second day of the convention with agreements turned in prior to the end of the convention. Meeting space is provided for this purpose, and the Convention Oversight Committee is the point of coordination for the current regional representatives to set up these elections, if applicable. If regions are formed earlier -- i.e., during that ninety (90) period prior to the national convention -- the constituent affiliates can agree to a different method of electing their representatives as long as all delegates are given equal voting rights. The only region that typically opts for that route is Region 4 (current number) comprising only California. California is usually large enough to constitute a region on their own, so traditionally their regional representatives are elected at their annual state convention just prior to the national convention.

Pursuant to Bylaw Article 7.4 above, Regional Representative and Alternates must be Sustaining Members of the national Party. It is the responsibility of each region to verify the eligibility of persons prior to their election.

NOTE ON REGIONAL NUMBERING

There is a theoretical possibility of ten (10) regions with each having exactly ten percent (10%) each of the national membership (the bylaw defining which numbers count towards membership are discussed thoroughly in the Notice of Delegate Allocations previously sent, see Bylaws Article 4.4).

There are no hard and fast rules on the numbering scheme for the regions, *i.e.*, which region is numbered “one,” which region is numbered “two,” and so on. If a majority of states in a prior region remain, they will retain the same region number. Traditionally, the region that contains Alaska is always Region 1, and if Alaska is not in a region, then the region that contains Colorado. In the event of any uncertainty or confusion, the LNC Secretary will set the region numbers.

ROLE OF THE REGIONAL REPRESENTATIVES AND ALTERNATES

While there is no set “job description” in the national Bylaws for the regional representatives, their basic duty is to represent the interests and positions of their constituent affiliates on the LNC. The regional alternates sit in the place of their corresponding regional representatives in their absence. The alternates are entitled to debate openly on the LNC Business List giving their region potentially two (2) voices in important issues on that forum. A diligent regional representative is an asset to their affiliate states acting as a conduit between the national party and themselves and providing a focused contact person for members in that region that have questions or concerns regarding the national party. Although state affiliates can choose not to join a representative region, the positives of doing so greatly outnumber any potential negatives (including the fact that regions can only be joined or left every two (2) years). I strongly urge all states to join a region and to elect dedicated and talented representatives. I served my first term on the LNC as the regional representative for Region 1 and advocated for their interests like a tiger (so much that I still feel quite protective of them). Oftentimes, these relationships form tight bonds that last far beyond the current term. It is, however, the right of any affiliate to choose to forgo joining a region, and there are usually one or two states that are unrepresented each term either by choice or failure to timely join a region.

The regions can set their own rules and expectations for their representatives as long as these items are codified in a written regional agreement signed by the state chairs (or their authorized representatives) of each of the constituent affiliates. **From hard-learned lessons, it is highly encouraged that a detailed regional agreement outlining the expectations of the representative and providing for drama-free removal if those expectations are not met be prepared.**

***IMPORTANT NOTE:** If a region is entitled to more than one Representative and Alternate due to having more than 20% of the Party’s total sustaining membership, the agreement or election needs to establish a ranking of the alternates for the LNC Secretary to be able to determine who is able to substitute in the absence of the primary representative. Alternatively, a region can assign a particular alternate to a specific representative.

WHAT IS THE PURPOSE OF FLUID, RATHER THAN SET REGIONS?

There may be higher priority concerns other than mere geography, such as ideological affinity. It is difficult for a representative to effectively work for a region that is very divided on key issues.

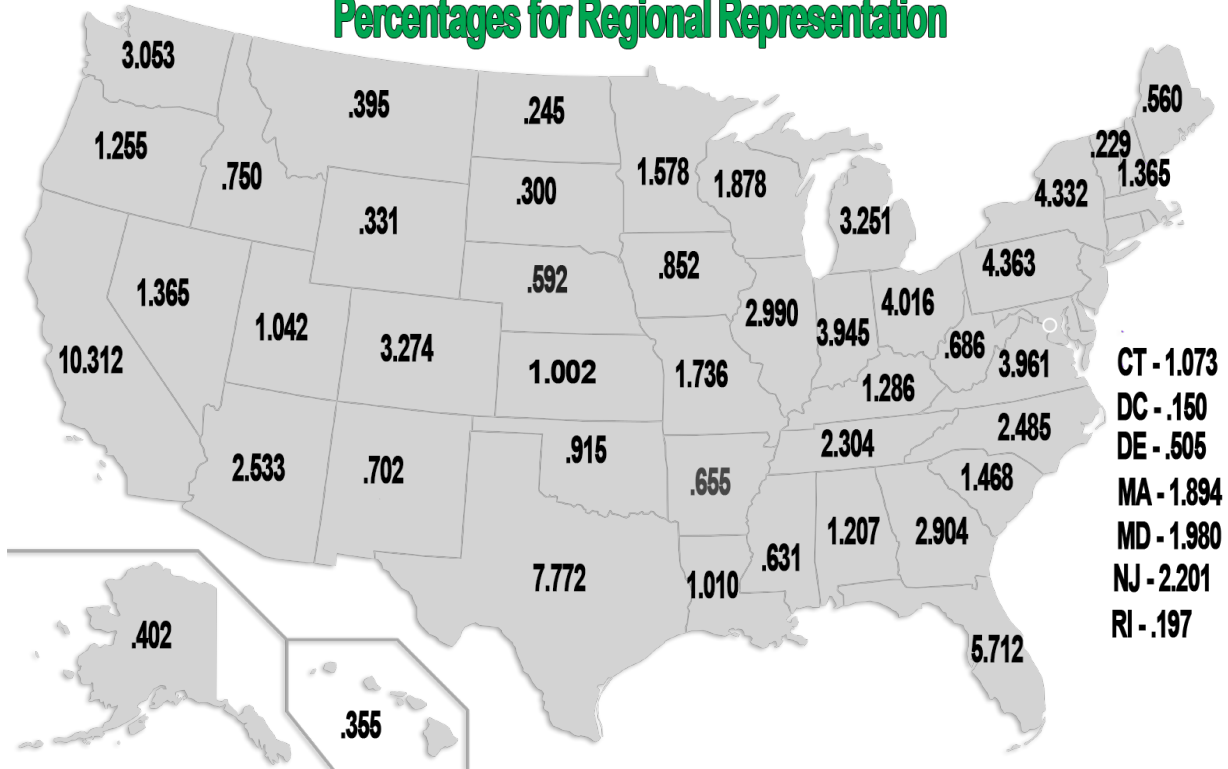

OFFICIAL PERCENTAGES OF NATIONAL MEMBERS FOR REGIONAL FORMATION

Percentages for Regional Representation

IMPORTANT NOTE ON PERCENTAGES

Note that the percentages listed do not match the percentages if calculated from the entire sustaining membership listed in the Delegate Allocation Manual. This difference is due to the exclusion of the 73 members listed as “other” who are not domiciled in any affiliate state and thus should not be counted for or against percentages used for regional representation. When those 73 members are added back in, the total figure of 12,747 BSM members is reached for the calculation of delegate allocations while 12,674 is used for regional formation.

A regional formation worksheet for download (with instructions) for anyone who wants to play around with the percentages is available here:

<https://docs.google.com/spreadsheets/d/1SNVG9fn-xOHp0f1EbsAsxeRmEqHOo0iN/edit?usp=sharing&oid=104636191705631799215&rtf=of=true&sd=true>

To use the worksheet, download it, and then go to the third tab and fill in region numbers in Column D. Give it a moment and the total national sustaining membership percentages for that region will update in Column G. **Do not change any figures in the first tab as everything else is based upon those final numbers.**

SAMPLE REGIONAL AGREEMENT

This is a boilerplate agreement form prepared by the national party. Regions are free to use this form as is, modify to suit their needs, or create one customized for their purposes.

You can view regional agreements from the 2022-2024 term here:

[https://lpedia.org/wiki/Libertarian_National_Committee_\(2022-2024\)#Documents](https://lpedia.org/wiki/Libertarian_National_Committee_(2022-2024)#Documents)

If the region decides not to use any signed agreement, the attached **Region Formation Notice** is the minimum form that must be filed with the LNC Secretary prior to the close of the convention. **I cannot urge each region strongly enough to customize a thorough agreement that serves each state and its partners in a region.**

**clean copies of these standard forms can be obtained by emailing me at secretary@lp.org*

BOILERPLATE AGREEMENT

Libertarian Party Region Formation Agreement

The state affiliates of the Libertarian Party listed below hereby form a representative region for the purpose of electing the number of members and alternates of the Libertarian National Committee that are allocated by the Libertarian Party bylaws to the region based on the number of national party sustaining members associated with the region.

To facilitate the gathering of signatures, signatures may appear on separate versions of this agreement. All versions together shall constitute the agreement.

A regional caucus shall be held at each regular national convention. Each registered National Convention delegate of states party to this agreement who are present at the caucus shall have one vote. If there is more than one nominee for any office, voting shall be by ballot.

This agreement shall become effective upon filing with the Secretary of the national Libertarian Party a number of versions of this agreement signed by states with enough national party sustaining members to form a representative region. After this agreement has come into effect and before nominations have been opened at the regional caucus, a state affiliate may join or withdraw from this agreement with the written consent of a majority of the other state affiliates party to this agreement if the bylaws of the national Libertarian party so permit. Once nominations have opened, a state affiliate may join or withdraw from this agreement with the written consent of all other state affiliates party to this agreement if the bylaws of the national Libertarian party so permit.

The term of office for a regional representative or alternate shall commence at the close of the convention at which a representative region may be formed and shall end at the close of the next convention at which a representative region may be formed.

Once the elections have been completed, a person elected as a regional representative member or alternate of the LNC may be removed from office by:

- 1) a vote of the region's registered national convention delegates at a regional caucus, or
- 2) the signature of state chairs who are both a) a majority of the state chairs in the region and b) chair states which had a majority of the national party sustaining members in the region as determined for the formation of this region.

A vacancy may be filled by:

- 1) a vote of the region's registered national convention delegates at a regional caucus, or
- 2) a majority of the state chairs in the region without regard to the number of sustaining members in each state.

The Libertarian Party of the state of _____ agrees, in accordance with the terms above to enter into a representative region with the Libertarian Parties of the states of _____,

_____, _____, _____, _____,
_____, _____, _____, _____,
_____, _____, _____, _____,
_____, _____, _____, and _____.

I attest that I am authorized by my state party bylaws to enter into this agreement and contractually bind my state party thereby.
