SANFORD COHEN ENDORSED BY FREE LIBERTARIAN PARTY

New York, March 31st--At its state convention today, the Free Libertarian Party endorsed Sanford Cohen to run as its candidate for U.S. Congress in the 25th district. Mr. Cohen, a Poughkeepsie resident, has a bachelors degree in economics and most of his graduate work has been in education. He is owner and director of the Reading Lab, a private facility specializing in reading instruction. He is also on the staff at Beacon High School where he teaches special education and general math.

Sanford Cohen began his campaign 22 months in advance in order to build an effective, independent political organization. In his acceptance speech Mr. Cohen stated, "It is time to return to the spirit of '76. It is time to give America back to all of the people. It is time to restore property rights, individual liberties and the free enterprise system. We must seek a society in which individuals are free to run their own lives -- not one in which men are ruled either by collusion between big corporations and the state or by politicians acting in the name of 'the people'."
