

The state affiliates of the Libertarian Party listed below hereby form a representative region for the purpose of electing the number of members and alternates of the Libertarian National Committee that are allocated by the Libertarian Party bylaws to the region based on the number of national party sustaining members associated with the region.

To facilitate the gathering of signatures, signatures may appear on separate versions of this agreement. All versions together shall constitute the agreement.

A regional caucus shall be held at each regular national convention. Each registered National Convention delegate of states party to this agreement who are present at the caucus shall have one vote. If there is more than one nominee for any office, voting shall be by ballot.

This agreement shall become effective upon filing with the Secretary of the national Libertarian Party a number of versions of this agreement signed by states with enough national party sustaining members to form a representative region. After this agreement has come into effect and before nominations have been opened at the regional caucus, a state affiliate may join or withdraw from this agreement with the written consent of a majority of the other state affiliates party to this agreement if the bylaws of the national Libertarian party so permit. Once nominations have opened, a state affiliate may join or withdraw from this agreement with the written consent of all other state affiliates party to this agreement if the bylaws of the national Libertarian party so permit.

Any state which is party to this agreement may leave the region at any time, according to that state's bylaws, rules, constitution, and state law. No states may be admitted or readmitted to the region outside of the regional alignment window in the national party bylaws.

#### Terms of office

The term of office for a regional representative or alternate shall commence at the close of the convention at which a representative region may be formed and shall end at the close of the next convention at which a representative region may be formed.
