VOL. 2 No.3

QUARTERLY

WINTER 1996

## Thanks....

### To Libertarians Everywhere

( from LP Presidential candidate **Harry Browne**, edited for space)

I want to express my **deep gratitude** to Libertarians all over America

For your hard work and dedication in taking our message as far and wide as possible, For the many kindnesses you have shown Pamela and me over the past two years.,For the confi-dence you placed in me to carry the Libertarian message to the public.

The task ahead of us is clear: we have to create a party so big, so strong, so well-financed that in the year 2000 no one can ignore us. We have to make an enormous splash before and throughout the next election year, so that the media will have to give us the same attention and respect they give to the two old parties.We have to be so well known to the public that the Republicans and Democrats can't hold a debate without us. And if they decide not to hold the debates at all, then we must have an army of people so large that we can carry our message door-to-door to every voter, and we must have the money to tell our story through advertising.

Is this a realistic goal? Yes. It is a formidable goal, but far from impossible. So let's get started now building the party to the magnitude necessary for every American to know what we can give them. Again, I want to thank you for the honor you have given me -- allowing me to be your candidate. And for all the help and encouragement you have provided. It has been a wonderful two years...But we're **just beginning** ! . . .
